

# TERMO SAUNA 24V - PHYSIO PLUS SYSTEM

CATEG: THERMAL BLANKETS 24V

*The electrosauuna with three differentiated heat zones that increases the effectiveness of the treatments.*

*Differentiated heat control in each area.*

*Electronic control unit with digital timer and end of treatment acoustic indicator.*

*Maximum safety: patented Electro Block® system and low voltage (24V) operation.*

*Replaceable heating panels*

*Protective harness*

*Comfortable headrest pad*

**THERMOSAUNA IDEAL FOR SLIMMING, DETOXIFYING AND PURIFYING TREATMENTS**

## CHARACTERISTICS:

- 230V primary supply voltage
- Power: 90W x sector (3x90 Watt)
- Supply voltage for heating modules 24V
- Dimensions 190x215cm (open) / 80x185cm (closed)
- Weight: 12.5Kg
- N ° 3 temperature adjustments
- EU plug 2.5A
- Water repellent and removable cover
- Color: silver
- Certifications: CE, IMQ, Rohs
